

# Rand Looks Back 25 Years...

*Faye: Grand Dame from Day One*

Celebrating a  
Quarter Century  
of Service!

**W**hen we started in 1987, our space was open—the guys played Wiffle Ball in the office. We had two cats to catch mice, and the litter boxes were next to my desk by the freight elevator. As the office admin, I typed up the engineers' handwritten reports in WordStar.

Those early days were challenging—no salaries at first, and our landlord said he didn't think we would make it. It felt good when that first job came in.

Looking back I'm proud how far Rand has come and how much we've grown. Yet in the way we do business and how we work together we're still the same company. And that makes me even more proud."
